

Thank you for your interest in Jac-Cen-Del Schools and learning more about all of the opportunities we have to offer. We provide a wide-range of academic programs and extracurricular activities to prepare students for success. At JCD, we have a rich history in not only academics, but our extra-curricular programs as well. Jac-Cen-Del is consistently ranked among the best of Southeastern Indiana. In the most recent state report card, Jac-Cen-Del Community School Corporation received a "B" rating. In addition, Jac-Cen-Del Elementary received a "B" rating while Jac-Cen-Del High School received an "A" rating.

In this technological age, we continuously strive to push innovative learning, such as Project Lead the Way (PLTW), in a wide array of courses throughout the district. We have also invested a great deal to prepare our staff and students in the use of technology as every student in the district has an electronic device.

At Jac-Cen-Del, we have strong partnerships with the Southeastern Indiana Career Center, Ivy Tech, and Indiana University. We also offer extra-curricular activities in programs such as music, art, robotics, and FFA just to name a few. These activities, along with our athletic programs, gives all of our students the opportunity to get involved in areas of interest.

We would welcome the opportunity to show you our district and what makes Jac-Cen-Del a truly special place to be. Where we strive for academic and extracurricular excellence to give Every Student, Every Chance, Every Day.

Sincerely,

Sam Melton
Superintendent
